Second Annual Chocolate and Wine Tasting Party!

What could be a better way to get through a long Oregon winter than sharing some wine and chocolate with your Hazelwood neighbors? The party will be held on Saturday, February 28. It is scheduled to start at 7:00 p.m. at Terri and Tom Sorensen's house (11107 SW Flores Street). Please bring some tasty chocolate and wine. (Adults only for this party.) More details are on the web site. RSVP Terri at 503.685.9590 or tsorensen@friendsofthechildren.org

Easter Egg Coloring

After the Chocolate and Wine Tasting party, the next Hazelwood event is Easter Egg coloring scheduled for Saturday, April 11. More details will follow.

Social Committee

The Social Committee is looking for people to be on the committee or to help with an individual event. If you want to help, please contact Stephanie Wettstein (503-582-9858) or Mary Killelea (503-682-6094).

New Front Sign - Hazelwood

As indicated in the last newsletter, our front entrance sign is falling apart. This situation was discussed at the annual meeting with many comments from homeowners. Currently Ted Bottemiller and John Killelea are exploring appropriate sign materials and affordable pricing. They are now looking at signs that we can afford from our budget without asking neighbors to vote on a special assessment.

Pool News

The pool fence needs to be repainted. Ted Bottemiller has suggested that we have a "Pool Fence Painting Party". The tentative date would be Saturday, May 16. We would have the fence prepared (by an outside contractor) for painting before the party. Hazelwood neighbors would then brush paint the fence (with the current color) on the sixteenth. Please contact Ted if you have any comments about painting our pool fence.

Car Break-In's

In recent months we have had some break-in's to cars parked in driveways. If you do park outside your garage please do not leave any valuables on the seats or that are visible in any way. The thieves are able to break car windows without setting off any car alarms. If you see any suspicious people in our neighborhood call 911!
