## 2008 Hazelwood Halloween Celebration!

Bring the whole family for this fun event! You can enjoy pumpkin pie and hot apple cider as you carve your pumpkins. The party will be held on Sunday, October 19 starting at 3:00 p.m. The Killeleas are hosting the event (outdoors) at 10992 S.W. Matzen Drive. So bring your cleaned out pumpkins and carving tools for the pumpkin carving contest and stay for a lot more fun!

## Annual Christmas Lighting Project

Let's do a spectacular light show this year! We could really use your help to put up the Christmas lights at the front entrance to our neighborhood. This annual project goes really fast if we have a lot of people. Please contact Guy Wettstein (503-582-9858) if you want to help.

## Roofing Sub-Committee

Guy Wettstein continues to lead this committee. Their goal is to determine alternative roofing choices, to our shake roofs, that will be acceptable to Hazelwood residents. If you have any suggestions please forward them to Guy (503-582-9858 or [guywettstein@gmail.com](mailto:guywettstein@gmail.com)).

## Dog Poo!

The Board has agreed to buy a "Poo Station" for the green area next to the pool. The station will include a sign and a bag dispenser. We want to keep our common areas as clean as possible. Remember it is your responsibility to pick up your dog's poo and take it home for disposal when walking your dog anywhere in or out of our neighborhood.

Here is one version of a Poo Station:

## Stop Signs

Don't forget to obey all stop signs in Hazelwood! We have a lot of small children playing near our street that are at risk if you don't come to a complete stop at all signs.
